

## How to get a ticket for bus services to and from Brinsbury College...

Our mobile app, myTrip, aims to improve your journey by giving you information on where your bus is as well as mobile ticketing.

Simply download myTrip for iOS or Android – it only takes a minute – and you can get fast, easy access to cashless payments, ticket gifting and safety information. You can download myTrip from your app store or download from [www.mytrip.today](http://www.mytrip.today)

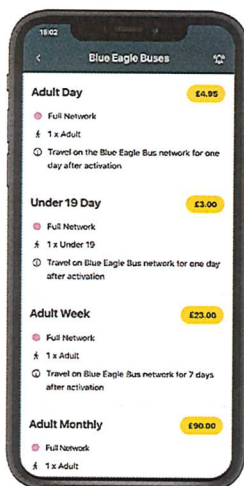

### Know where your bus is....

Use the live buses section in the app to know where your bus is at your fingertips. Simply search the map to find your bus service.

### Your ticket on your phone....

You can buy your ticket directly from the app or your family and friends can download the app and gift the ticket to you - here is how you do it: Choose the ticket that is required in the mobile ticket section in the app. Choose the bus company which is Compass Bus, and then select the ticket you require for your service—choose your ticket carefully, there are lots available for Brinsbury students!

Go to checkout (after you have checked you have the right ticket) and then select if the ticket is for you or it's a gift for someone else (if you want to transfer it to someone else after you have paid for it).

Then select your payment method, pay, and it is as easy as that!

### What about passes allocated by the college LSG? ....

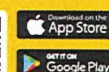

If you are entitled to the learning support grant, please download the app and register for an account as above. Once you have done this, you do not need to do anything and we will set up your ticket automatically. **PLEASE MAKE SURE** you use the same email address that you registered with the college and that you are logged in to the app. Please let staff at Brinsbury know if you have a problem after you have tried this.
