CCG Students – CSpace requires MFA when off campus

Clicking 'Download now' takes you to a screen where you can scan a QR code on your phone which will take you to the appropriate version of the authenticator

Install the app on your device - then go back to the browser and click 'Next'

Follow the instructions to set up your account on the authenticator app

Click '+' on the app and choose 'Work or school account'

'Scan a QR code' and scan the small QR code	Microsoft Authenticator	
showing on your browser – then 'Next'	Scan the QR code	
	Use the Microsoft Authenticator app to scan the QR code. This will connect the Microsoft Authenticator app with your account.	
	After you scan the QR code, choose "Next".	
	Can't scan image?	
You will now be asked to test all is working by	Back Naxt	
entering a confirmation number into the notification box	Microsoft Aul	
that will come up on your phone. If works, you'll see	Success!	
these confirmations and will go straight into Cspace –	Great job! You have successfully set up your security info. Choose "Done" to continue signing in Default sign-in method:	
click on 'My Profile' – 'My Exam Results'	Microsoft Authenticator
