

Welcome to Chichester College

Dear Student

Thank you for choosing to study our City & Guilds 0172-36 Level 3 Advanced Technical Diploma in Equine Management course. I am the study programme leader and look forward to working with you over the next year.

Further to your starting information, which outlines your start date & time, below is a brief overview regarding coming to college and preparing to study your course.

The first few days of the course will be for induction and enrolment. **Timetables will not be available until this point.** This will give you the opportunity to get to know the other students on the course, as well as your lecturers and your student tutor.

Please ensure that on your first day you bring the following:

1. **Confirmation of your GCSE results – we cannot enrol you without a copy of results so this is essential**
2. Your riding boots, riding hat and riding gloves, so that you can undertake your riding assessment.
3. A pen, paper & file
4. If applicable, payment for your course/evidence of benefits

English and Maths

NB: All students aged 16-18 years on a full time course are required to update their English and Maths skills if they do not hold a GCSE grade A/9-C/4 in both subjects. So please be aware that if you do not have these qualifications, you will be required to undertake a GCSE resit (or equivalent qualification) alongside your main programme of study. This is compulsory and not optional. Please be aware that you cannot be awarded for one qualification without passing the other.

Please feel free to contact me with any questions you may have regarding the above and I will be happy to help.

Best wishes,

Brittany Cotton
Study Programme Leader

IMPORTANT INFO FOR CROSS COUNTRY ACTIVITIES: Only a "Jockey Skull" of an even round or elliptical shape with a smooth or slightly abrasive surface, having no peak or peak type extensions may be worn for any XC activity. Noticeable protuberances above the eyes or to the front, not greater than 5mm, smooth and rounded in nature are permitted. A removable hat cover with a light flexible peak may be used.

HEAD CAMS: When hats are tested against the requirements of a standard, they are done so with no extra additions on the hat i.e. with no head cam attached. Therefore, it is currently not known how the addition of a protuberance such as a head cam, effects how the hat would respond during an impact. Therefore, the use of HEAD CAMS are not recommended at any Approved Centre activity. This includes use on the head, chest, bridle or any other part of the horse or rider.

**In order to ensure riders are wearing the most up to date riding hats, please note that from the 1 January 2023, the following hat standards will no longer be accepted, due to the age of hats made to these standards:*

1. PAS 015 1998
2. SNELL 2001
