Dear Student

Thank you for choosing to study Coaching in Sport Level 2 at Chichester College. I am the study programme leader and look forward to working with you over the next year.

Throughout the academic year, you will immerse yourself in a dynamic coaching environment where coaching, playing, and discussing all things related to coaching will be at the forefront. You will actively engage with local schools, leading coaching sessions to inspire and develop young athletes. In addition, you will be involved in planning and organizing events, fostering a sense of camaraderie and sportsmanship among participants. Alongside these activities, you will also participate in fitness sessions, ensuring your own physical well-being while also honing your coaching skills. This comprehensive approach will provide you with a well-rounded coaching experience, allowing for continuous growth and the opportunity to apply your knowledge and passion for coaching in practical settings.

Please feel free to contact me with any questions you may have regarding the information regarding your course, such as trips, kits or course work and I will be happy to help.

Best wishes,

You can [apply online \(via online portal\)](#) for the Learning Support Grant.

We have tried to make applying as simple as possible, but it will involve filling in online forms, providing evidence and telling us about your financial situation. We will then make an assessment based on your personal circumstances.
