A little about The Club.

Crawley Wasps is one of the largest all female football clubs in the country not associated to a mens team something we are very proud of! We have a flourishing youth section with 120 girls aged between 8 and 16 years old. Our ambition is to offer girls and women a safe and professional environment where they can flourish and achieve their dreams of becoming professional footballers; an opportunity that is easily provided to their male counterparts. This is usually due to one aspect of the game: money. With the right financial support from partners and sponsors we can enable these players to have the same opportunity seen as the men's game.

Working with Crawley Wasps would mean an exciting opportunity to be part of one of the world's rapidly growing sports. Women's football broadner the football audience, promoting divsiery, equality and inclusivity.

Come join us!

We look forward to hearing from you via telephone or email.

Best wishes
