You can browse journal titles by discipline or from the home page.

Click on the journal title or journal homepage to enter its homepage.

Use the search box at the top of the page to search for articles within this title only.

#### Under the main search box on the home page there is an option to build your own searches using Advanced search.

Add Boolean terms AND/OR/NOT to search across different fields within a record.

# How do I use the results?

Look for articles with an open padlock symbol.

Click on the title and open the full text by clicking on the pdf symbol.

#### Under Title and Authors,

use the cite article link to find referencing information.

Cite article

Or click on the share options link to email the Share options article to yourself.

Under **Related Content** on the right, you may find similar articles or articles that have cited the article that you have found.

#### Advanced Users

Go to the home page by clicking on the Sage Journals icon. Create your own profile to save searches and receive new content email alerts by clicking on Access/ Profile and Create Profile on the dropdown menu.

### What if I still need help?

Ask Library staff or follow the library SAGE video tutorial on the Library Video Tutorials page on CCGOnline.

Or at the top of the home page click Information for>Researchers or FAQs.
