

KD Health Care Ltd, is based in West Sussex and provides care and support to people living in their own homes. Sometimes they just need that extra bit of help which can be a lifeline for many people and we feel that our role is crucial to them.

With a keen interest in the local community. KD Healthcare is very happy to offer a seamless approach as we all progress through the aging process and where possible remove barriers to promote a good quality of life for everyone whom we serve.

Our aim, is to reach as many people as possible and this can include different levels of care included some who have complex requirements. You do not need to have experience in care as full training will be given.

The roles we have are both varied and interesting. Most importantly our positions are highly rewarding.

Care Professionals

We provide a comprehensive training programme and ongoing support at all times. If this is something that sounds attractive to you, please get in contact with us and we can give you all the information you would need to get started.

Drivers

To assist carers that do not drive, we need reliable drivers to help in this process. This can take place on a shift basis for as little or as many hours as someone is available.

Both positions can help with your development as an individual, become your chosen career and also open up different opportunities to you in the Care Sector.

If either role is something that would be of interest to you, please contact us at:
info@kdhealthcare.co.uk

Full job descriptions can be sent to you or we can arrange to have a chat and explain more fully what is required.

With kindest regards,

KD Healthcare Ltd
