It's time to care!

Join the Bluebird Care team and help make a real difference to someone's life with an incredibly rewarding career in care.

We provide high-quality care so that individuals can live happily and healthily in the comfort of their own homes.

We are actively seeking caring & passionate individuals to join our home and live-in care teams.

Care at home

Our domiciliary (hourly) home care assistants work various shifts in the mornings, evenings, and alternate weekends. We have full and part-time work available. You will travel between customers so you must have a Full Driving Licence, and access to your own vehicle which you can insure for business. Pay starts from £12 per hour (Monday to Friday) and £12.50 at weekends. We also pay your travel time and mileage between visits.

Live-in Care Assistants

Being a live-in care assistant offers a real sense of purpose and immense job satisfaction. Our customers will rely upon you for support with all aspects of their daily living. So, if you are dedicated and passionate about making a real difference to people's lives and want a career you can be proud of, this could be the role for you.

Our live-in carers enjoy excellent weekly rates – from £660 to £720 per week, in addition to a number of benefits.
