How do I log in?

Log into CCGOnline via the Office 365 login button. From the Students drop-down menu at the top of the page select Library, Library Resources. The EBSCO Discovery search box is located to the right of the screen.

How do I search?

To start searching you can opt for a basic or advanced search.

Basic Search

Type in your topic e.g. genetic engineering into the search box and click 'Search'. To narrow down the results you tan filter by the menu at the top. All filters allows you to filter by publication date, content provider, source types, subject and geography etc. You can also use the quick filters (e.g. All time, Source type)

genetic enginee	ring				\langle
All filters (2)	Full Text Online Only	Ø Peer Reviewed Journal Articles	All time 🗸	Source type 🗸	

Advanced Search

Click on **Advanced Search**. Enter your search term then click **All fields** to choose author, title, subject term etc from the drop down menus. Use AND, OR, NOT to combine terms. Scroll down for additional filter options if needed and click **Search**.

Search articles, books, journals & more

genetic eng	ineering	⊗	Subject Terms - SU	~
AND V	food	\otimes	Subject Terms - SU	~
AND 🗸			All fields	~
Add fields				Basic search

How will the results appear?

Results are displayed in relevance order (change to by date newest if preferred). A Discovery search will also include e-books and all the library books held by CCG.

Too many results?

If you have too many results try limiting your search using the **All filters** tab at the top for example by publication date, source types, subject, language or geography. Or by the quick filters (e.g. **Source type, All time**)

Click on Access Options to see the options for displaying the full record (e.g. pdf) and click the link.
