

ADDING WEBSITE LINK

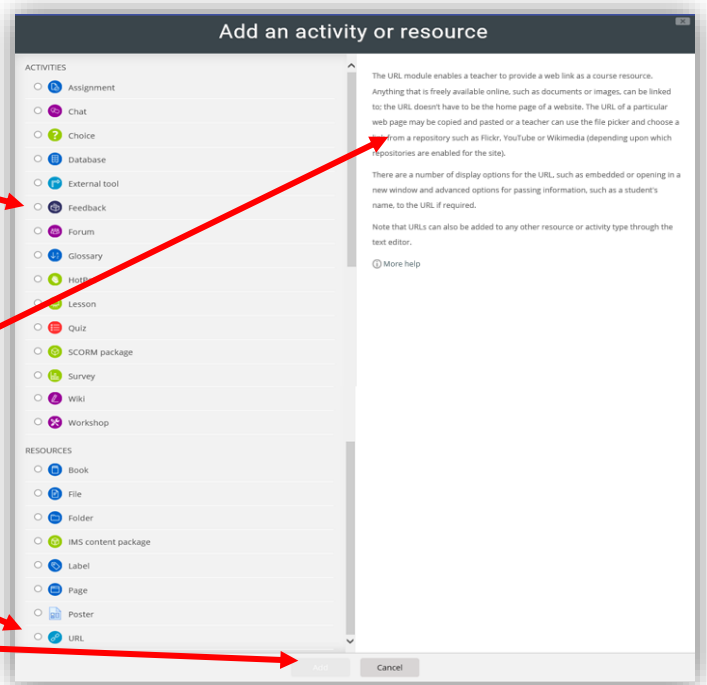

Before making any changes you must switch to editing mode by clicking on the **Turn editing on** button

Click Add an activity or resource

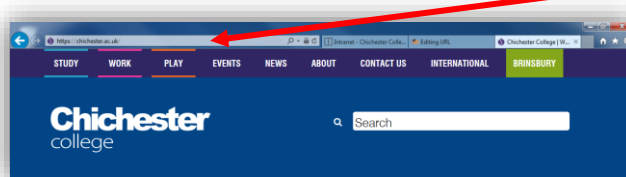

When you select an activity a brief description and uses is displayed on the right. If you need more help there is also a More Help link which links to Moodle Docs about this activity

Scroll down and select URL

Then click Add

Open the website that you want to link to

Copy the URL of the website this is the web address at the top of each internet page

Adding a new URL to Topic 3

General

Name

External URL

Choose a link...

Competencies

Save and return to course Save and display Cancel

Add a name for the link

Paste the URL you copied here

Add a description (optional)

Click Save and return to course

A website link can be identified from its icon, when a student clicks the link the website will open

The website link can be edited in the same way as files and folders (see instructions in Adding files and folders help sheet)

DON'T FORGET TO TURN EDITING OFF WHEN YOU HAVE FINISHED
