Types of Environments	Setting 1	Setting 2
<p>Voluntary -</p> <p>This means provision that has been set up and funded by donations</p>	<p><u>Church Youth Group -</u></p> <p><i>What is the main aim of this service?</i></p> <p><i>The main aim of this service is to support young people in the development of their religious beliefs and to provide them with a space</i></p>	<p><i>What is the main aim of this service?</i></p> <p><i>Who works there and what do they do?</i></p>

<p>and voluntary contributions</p>	<p><i>where they can ask questions about their religion.</i></p> <p><i>Who works there and what do they do?</i></p> <p><i>This service is run by volunteers, it is therefore made up of a range of backgrounds, however everyone will be required to get a DBS check. Youth Leaders will run activities, answer questions and lead the young people in prayer.</i></p> <p><i>Why would children and families use this service?</i></p> <p><i>Children and families may use this service as they will be able to socialise with likeminded people from their own religious background. In addition to this, families will only have to pay a small donation, making this type of childcare more accessible to those from low-income backgrounds.</i></p>	<p><i>Why would children and families use this service?</i></p>
<p>Private –</p> <p>This means that parents / carers need to pay for the provision as it is run privately.</p>	<p><i>What is the main aim of this service?</i></p> <p><i>Who works there and what do they do?</i></p> <p><i>Why would children and families use this service?</i></p>	<p><i>What is the main aim of this service?</i></p> <p><i>Who works there and what do they do?</i></p> <p><i>Why would children and families use this service?</i></p>

Occupational Role	Description
Room Leader	
Lecturer	
Special Educational Needs and Disabilities Coordinator (SENDCo)	
Designated Safeguarding Officer	
Early Years Practitioner	
Physical Activity and Nutrition Coordinator (PANCo)	
Headteacher	
Mental Health Lead	

Task 4

Give a summary of the theories below. You will need to have a thorough understanding of educational theories for your work-based project and exams.

Theory	Summary
John Bowlby's Theory of Attachment	

	B.F. Skinner's Operant Conditioning Theory	
	Jean Piaget's Theory of Cognitive Development	
	Abraham Maslow's Hierarchy of Needs	
Task 5	<p>5. Legislation refers to laws that are made in parliament. It is vital that you know and understand different laws surrounding education and childcare. This is a requirement of all staff who work within education. For each legislation listed below, provide an overview of the key points.</p>	
	Legislation	Key Points
	Health and Safety at Work Act 1974	<p><i>This is important legislation which affects the management of health and safety in all organisations and places of work. Employers have a responsibility to keep all those in their setting safe. All those who work in early years settings or schools will have responsibilities for health and safety which include:</i></p> <ul style="list-style-type: none"> • <i>reporting hazards</i> • <i>following the policies and procedures of the setting for health and safety</i> • <i>using safety equipment where it is needed</i> • <i>ensuring that all materials, equipment and resources are safe</i> • <i>not harming themselves or others by their actions.</i>
	Equality Act 2010	
	Children and Families Act 2014	
	General Data Protection Regulations (GPDR) 2018	
Task 6	<p>It is a requirement that you are able to reference your work. This means you give credit to the person who wrote the information you are using. For example, if you were to copy and paste a quote, you would need to reference this information to</p>	

credit the author. This is also something you must do at university, no matter the course you decide to study. If you fail to reference, the exam board will not pass you, as it would look as if you were trying to pass someone else's work off as your own (also known as Plagiarism). This would be viewed as cheating. It is therefore a vital skill you must learn before you complete your first project. Watch the video below for a guide on how to reference. Then follow the article link, choose a quote to take from it, and correctly reference!

The reference that goes at the bottom of your assignment should be: (Author Surname, Article Title, Name of Website, Year of Publication, Website URL, Date you Visited Website).*
