8. You'll then get a notification on your phone asking you to enter the digits on your browser

9. Each time you login to most college systems when **not in college**, you will receive an MFA notification on your smartphone

### Now setup your NEW password

10. If you haven't done so already, please change your password at this stage.

11. Go to the top-right of the browser window

12. Click your student number, then '**View Account**' - '**Change Password**' - or simply go to <https://passwordreset.microsoftonline.com>
13. Choose something that you will easily remember. There is a 12-character minimum requirement for passwords, in line with the [National Cyber Security Centre guidelines](#) - remember, don't share this password with anyone
14. You'll also use this one password for logging into college devices

15. From the <https://Outlook.com/ChiGroup.ac.uk> site you're now able to access your college email, Teams and other Microsoft 365 products.
16. When using your own device for college work, we recommend you download and install the full MS Teams app from here or your device app store <https://www.microsoft.com/en-gb/microsoft-teams/download-app>
17. As a student, you are licensed to install Microsoft 365 Apps on your personal PC or Mac – just follow this link from the office.com page [My account \(office.com\)](#)

Please note – any use of CCG IT Systems must be in accordance with the college [Acceptable Use Policy](#) - click link for details
