

Music Technology – Year 2

Welcome to UAL Level 3 Extended Diploma in Music Technology

Course details

- Level 3 Diploma in Music Technology
- Course code NPER044F1A

Hello and welcome to the level 3 extended diploma in music performance and production. Everyone in the music department is looking forward to working with you over the next year and seeing your skills, talents and ambitions grow.

By choosing a course in the Creative Industries department here at Northbrook, you'll get access to a fantastic set of resources: our teaching staff, support staff and technicians are second to none. Our facilities boast extraordinary capabilities - your job is to get the most out of it!

What to bring on your first day

- Notebook and pen/smartphone/tablet for taking notes
- Refillable water bottle

Kit list

- USB Stick/ External hard drive for backing up work
- Pens/Notebook/smartphone/tablet for taking notes
- Headphones (with a cable and ¼" Jack adapter) - headphones are provided, but you may prefer to use your own.
- DJ pathway – a USB stick specifically for your tunes

Summer tasks

- Keep a 'cultural diary' over the summer of music you have discovered, gigs or festivals you have been to, articles/books you have read, films you have seen, art galleries or museums you have visited etc., or anything that inspired you to feel creative. Padlet is a good way of documenting this <https://padlet.com/>
- Write a short review of your last college year including what you enjoyed, what you struggled with and what you would like to develop in the second year (300 words max)

Print this out or put on your drive and bring in on the first week of college.

- Go onto the UCAS website and start looking at university courses and favourite any you might be interested in. You can book in open days if you are really keen as they will start soon. NB For Conservatoires, the deadline for application is end of Oct, for other degree courses, the deadline is Jan. <https://www.ucas.com/>
