Inspired by the Hurr Collection at Selfridges, we're excited to expand our in-house Fashion Library, Li[MET]ed. In this project, you'll have the opportunity to create your own brand using a preloved item of clothing and contribute to our library's collection. This summer project leads into your first project of your second year, where you will create a brand that will be showcased on Li[MET]ed's website, in a pop-up shop in the studio and your outfit will be showcased on the runway during the Sustainable Fashion Week Catwalk show, hosted at the prestigious Brighton Dome on Saturday 28th September to kick off Sustainable Fashion Week's events!
