

# If you have already set security, questions and now want to change your password:

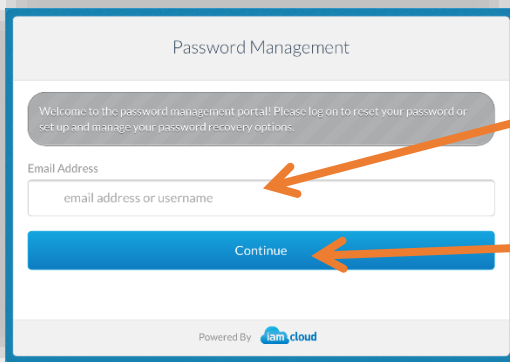

On the front page of CCGOnline select **Lost Password**

Then select the 'Click here to change password'

Click here to change password

Or directly through the webpage: <http://password.chichester.ac.uk>

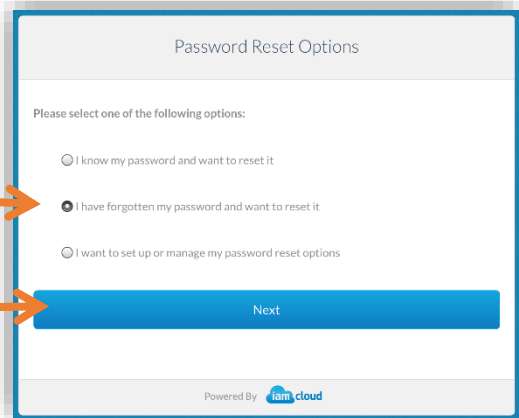

Enter your student email address

Click Continue

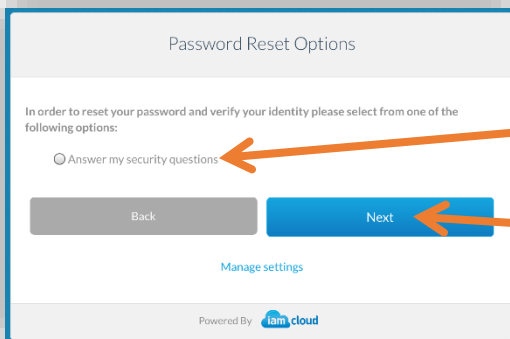

Select "I have forgotten my password and want to reset it"

Click Next

Select "Answer my security questions"

Click Next

Answer the 3 questions, making sure your answers exactly match the ones you set

Click **Check Answers**

Enter your new password, and confirm it

Click **Reset password**

A confirmation screen will be displayed

Click **Return** to go back to the options page

You can now select another option
