

We Are **HIRING**

Trainee Fitter/Fabricator

We are looking for someone ready to kickstart their career with us.

As a KJLC Trainee, you will undergo training to become a qualified engineer through a UK-recognised programme. We will also enroll and support you in obtaining a Higher National Certificate in Mechanical and Manufacturing Engineering.

As the Trainee Fitter/Fabricator, you will learn to layout, cut, fit, and tack various assemblies using the Tungsten Inert Gas (TIG) process.

Full Time position- 40 hours - Monday to Thursday 8am-5pm and Friday 8am-2:30pm.
